Diseases of Dogs and Their Treatment
Pressing Points

Concerning

The Question of

Dog Feeding

Do you realize that Spratt’s Dog Cakes are not the ordinary biscuits produced simply to satisfy a dog’s appetite? They are made with the object of producing certain definite results in the health of your dog, the most important being:

1. Perfect nourishment of frame and body—because they are made from our pure “Meat Fibrine,” selected wheatmeals, etc.

2. Full and glossy coat—because the blood is fully nourished and renewed.

3. Stamina and vim—because good wholesome food gives good health and vigour.

4. Perfect cleansing of teeth because they are well baked & compel the dog to gnaw.

5. Freedom from objectionable odours

Spratt’s

Dog Cakes & Puppy Biscuits

contain no added sugar, no chemicals

write to-day for our biscuit book and samples of foods suitable for your dog

they’re free!

Spratt’s patent limited

24/25 Fenchurch Street, london, e.c.

It is a duty you owe your dog always to specify spratt’s when ordering dog foods.
OVER 3000 TESTIMONIALS RECEIVED

point to the world-wide fame attained by

HEALD’S DOG MEDICINES

They are in demand throughout the civilised world, and are in constant use in the Royal Kennels, and in several of the largest English and Continental Hunting establishments. Once introduced they are ever afterwards used for their efficiency and reliability. A sure indication of their popularity is that they have been imitated again and again. In spite of competition they have pushed their way, on their merits alone, in the confidence of the dog-keeping and dog-loving portion of the public.

Each remedy is sent out in two sizes only, the sample package at 1/1, post free, suitable for small consumers, and the Kennel Package at 7/6.

The GREAT PAPER for PRIVATE PERSONS

For Buying Anything—
Furniture, Curios, Poultry, Dress, Plants, a Watch, Cycle, Dog, Camera, or anything else—the best way is through "The Bazaar, Exchange and Mart" newspaper. In every issue are classified announcements of thousands of goods for sale, new and second-hand. Where articles are too expensive first-hand, buy them second-hand; a good class second-hand article is far better than a shoddy new one, and need cost no more.

For Selling Anything
no better market exists than in "The Bazaar." In nearly every household there are scores of things which are so much lumber, but which other people want and would readily buy. Turn them into money: Private announcements cost only 1d. for 3 words (minimum 4d.) per insertion.

For Exchanging Anything
for something of equivalent value which you may want in its stead there is only one practical way: insert an announcement in "The Bazaar, Exchange and Mart” giving full particulars.

For Literary Articles
of real practical utility to the Amateur there is no journal equal to "The Bazaar." Its literary pages are written by those who have personal practical knowledge of their subjects, and the information given is clear, concise and accurate.

For Information
upon any subject you will find this paper most reliable. See the number and lucidity and the range of subjects covered in the Answers to Correspondents in every issue, and if you yourself want to know anything, write to "The Bazaar."

On sale at all Newsagents' and Bookstalls, price 2d.; or a specimen copy will be sent, post free, for 3d. in stamps, from the

Bird & Storey's

DOG MEDICINES,

As Used by the Leading Dog Breeders and Fanciers.

DISTEMPER PILLS (B. & S.'s).—These valuable Pills are a certain cure for this most destructive disease, if given immediately on the appearance of the first symptoms, and have proved the means of saving the lives of innumerable Dogs of all Breeds.

WORM POWDERS (B. & S.'s) are admitted, by all who have tried them, to be the best, cheapest, and most speedy Medicine for the removal of all the varieties of Intestinal Worms, from which the Canine race is so peculiarly liable to suffer.

ALTERNATIVE POWDERS (B. & S.’s).—We can strongly recommend these Powders to Dog Owners as an infallible cure for Constipation, Liver Complaints, Indigestion, &c., and as a safe and reliable Lavative. Being tasteless, the Powders can be given to any dog in a little bread and milk, or its ordinary food, so that the trouble and danger of administering “Pills” or “Balls” are entirely obviated. The “Alternative Powders” in consequence of their great effect as a Cooling and Blood-Purifying Medicine are particularly useful in all cases of skin disease.

TONIC PILLS (B. & S.’s).—Unrivalled for Dogs recovering from Distemper and other debilitating diseases, as they not only improve the appetite, but also strengthen the Digestive Organs and the system generally.

COUGH PILLS (B. & S.’s).—These should be given immediately on the appearance of Coughs or Colds, and will be found to effect a speedy and permanent cure.

PALATABLE PUPPY POWDERS (B. & S.’s).—Almost tasteless and can be administered in a small quantity of bread and milk. Given occasionally up to 12 months old they act as a preventative of Distemper, Worms, and Convolutions—the sources of 99 per cent. of puppy mortality.

REMEDIES: The above medicines are all retailed in Boxes from 1s. (or Post Free, 1s. 1/2d.) upwards, and prepared in four different strengths, called respectively A, B, C, & D.

A Strength is suitable for St. Bernards, Boarhounds, &c.
B Foxhounds, Retrievers, Greyhounds, &c.
C Post Free, 1s. 1/2d. (equal to four small; Post free, 2s. 6d. each).
D The smaller breeds of Dogs.

MANGE WASH (B. & S.’s).—An infallible Remedy for every variety of this most troublesome disease. (N.B.—The curative action of this Wash is greatly facilitated by the use of the Aperient Balls.) 1s. 9d. per bottle (or Post Free, 2s. 5d.).

EAR CANDER DROPS (B. & S.’s).—A specific for this painful and troublesome complaint. 1s. per bottle (or Post Free, 1s. 5d.).

CANINE ECZEMA OINTMENT (B & S.’s).—This ointment has been used with marvellous success in many very bad cases of this troublesome Canine complaint. Combined with a course of the above-mentioned “Alternative Powders,” we have never known it to fail to give relief even in what had been considered perfectly hopeless cases. In pot, 1s. (Post Free, 1s. 5d.) and 2s. 6d. (equal to four small; Post free, 2s. 9d. each).

N.B.—Advice gratis with reference to use of above Remedies.

SPECIMEN TESTIMONIALS.

Dear Sirs,—Speaking from my own experience I may safely recommend your preparations to all interested in dogs. Having clearly described the symptoms, the inexperienced dog owner may safely leave you to supply the most suitable remedy for the canine invalid, as I have hitherto done with marked success.—Yours truly, FRANK L. SHARP.

Mrs. BENNETT, Leigh Hill, Cobham, writes: Nov. 1st, 1909.

“Sirs,—I am so pleased to be able to tell you that your ‘Eczema Ointment’ has completely cured my Fox Terrier when the Vet.’s remedies did not do so, and I shall always send for the ointment if either of my little dogs gets eczema again.”

BIRD & STOREY, Canine Chemists,
