ELEGANT HAND-BOOK FOR TOURISTS.

THE HUDSON,
FROM THE WILDERNESS TO THE SEA,

BY

BENSON J. LOSING,

Illustrated by upwards of Three Hundred Engravings, on Wood and Steel, from Drawings by the Author.

The Publishers have aimed in this volume, to produce a book of permanent value, and have spared neither labour nor expense, in illustrating and describing the beauty of a river which presents so many natural wonders and lovely landscapes, and on whose banks are found so many beautiful residences, and splendid public buildings.

"Both the text and illustrations are by Benson J. Lossing, and give by far the best and most interesting account of that picturesque river that has yet appeared in a single volume."—Toronto Globe.

"The volume, which has been the work of years, affords a field for the finest qualities of the author, the account of whose tour of exploration and travel is given to us in the most graphic language, and with all the eloquence which a love of nature inspires."—Albany Argus.

"The publishers have produced a book equally worthy of the shelves of the library, the drawing-room table of the lady, or the valise of the traveller."—Home Journal.

"The truthfulness which belongs to the man characterizes the book, and it may be taken up in full confidence that its descriptions of scenery and narratives of adventure are reliable in the minutest detail."—Frank Leslie's Illustrated Newspaper.

"Picturesque bits of scenery, important public buildings, venerable old houses of historical fame, beautiful modern residences, and even the more common varieties of the game found in and along the river, are given in charming variety and in beautiful style."—New-York Evening Post.

"Very few Americans are so well qualified as is Mr. Lossing to write intelligently regarding the Hudson, and every American will bear testimony to the conscientious accuracy of the illustrations."—New-York Daily Times.

A PLEASANT
SUMMER EXCURSION
TO THE
CITY OF OTTAWA,
THE CAPITAL OF THE DOMINION OF CANADA,
AND THE
MAGNIFICENT SCENERY OF THE CHAUDIERE & THE RIVER OTTAWA.

On arrival at Prescott or Ogdensburg, the Tourist can leave the Steamer or the Railway, and proceed thence by the St. Lawrence and Ottawa Railway, a distance of about 20 miles, to the City of OTTAWA, the seat of the Government of Canada.

The magnificent Parliamentary Buildings, the Falls of the Chaudiere, spanned by an elegant Suspension Bridge; the extensive Lumbering and other Mills there; the celebrated Timber Slider; the Military Canal Works, surrounded by Scenery of unusual grandeur, form a combination of attractions rarely met with by the Tourist.

The Hotel accommodation at Ottawa is of the first order. The RUSSELL HOUSE (Mr. James A. Gouin, Proprietor) is most ample and elegant in all its appointments, and its situation is convenient to all points of interest. American Money taken at par.

Proceeding from Ottawa by the splendid Mail Steamers of the Ottawa River Navigation Company, the Tourist reaches Montreal in about ten hours, after passing through a hundred miles of the finest scenery to be found on the continent.

At L'Orignal, which is equidistant from Montreal and Ottawa, and the Station for the celebrated Caledonia Springs (the Saratoga of Canada), the pleasure seeker may stop over, and by a lovely drive of little more than an hour, reach the "Canada House" at the Springs, which is commodious, comfortable, and admirably kept.

The waters of these Springs have a world-wide celebrity for their medicinal virtues and curative powers, and offer a great inducement to the tourist as well as to the invalid to visit this locality.

Through Tickets from Prescott to Ottawa, and thence to Montreal by the above Route, can be obtained from
