Title: The northern shepherd, being a report of a committee of the Kennebec County Agricultural Society, upon the diseases and management of sheep

Author: #Kennebec County Agricultural Society

This is an exact replica of a book. The book reprint was manually improved by a team of professionals, as opposed to automatic/OCR processes used by some companies. However, the book may still have imperfections such as missing pages, poor pictures, errant marks, etc. that were a part of the original text. We appreciate your understanding of the imperfections which can not be improved, and hope you will enjoy reading this book.

At a meeting of the Kennebec County Agricultural Society, held at Union Hall, Winthrop, on the 4th day of June, 1832, it was

Voted, To choose a Committee to collect information upon the diseases to which Sheep are subject in this climate, with the prevention and cure ; the best breeds of Sheep and the mode of improving them ; with such matter as would be useful in a Treatise upon Sheep generally, should the Kennebec County Agricultural Society deem it expedient to publish a work upon this subject.

In compliance with the requisitions of the above vote, the following pages are respectfully submitted
by THE COMMITTEE.
