NOTE

To the publishers and editors of The Garden Magazine my thanks are due for kind permission to reprint here those portions of this book which originally appeared in the columns of that periodical. To the Massachusetts Horticultural Society and to The Garden Club of America I am indebted for the use of passages written for those organizations. And to the several amateur gardeners, known and unknown to me, whose writing or whose photographs grace these pages, I offer here most hearty appreciation of their friendly aid.

Louvisa Yeomans King.
